

Imperial PFS Supports “Going Green”!

Imperial PFS offers electronic forms, with all the associated benefits to you and the environment. Simply sign and return this form through your insurance agent. Imperial PFS will then email your notices and reinstatements, saving you time and effort by eliminating the need to manage paper documents. It also eliminates paper waste and helps preserve our forests.

We are pleased to provide this green service to you!

Please note, effective immediately, your request will discontinue United States Postal Service (USPS) mailing of many forms from Imperial PFS to your office. Due to statutory regulations, there are two exceptions where forms will continue to be mailed through the USPS. These exceptions are the Notice of Intent to Cancel and the Notice of Cancellation. If these forms are required, according to your payment status, you will receive these forms through the USPS as well as through eForms.

Also, please note that all transactions with Imperial PFS can be made paperless by making payments (via ACH or credit card) by using www.ipfs.com

- Mark this box if you would like to receive your notices, invoices and statements via email only from Imperial PFS. Please print the name and provide an email address for the person to receive Imperial PFS eForms.
